WITH OUR DROMEDAR IN PALMISTON.

ABOVE: Herd of our dromedaries near the Jordan Valley. Below: On the Jordanian dromedary road.

THE LONDON ROCK.

London Island, the only rock of the sea, is the only land sighted on the coast from Sydney to Port. It is a most extraordinary looking place, everything unusual. A note is placed after the first time visited by the "Mafleton" (Mafleton) in the name of the rock being visited. The note is placed after the first time visited by the "Mafleton" (Mafleton) in the name of the rock being visited. The note is placed after the first time visited by the "Mafleton" (Mafleton) in the name of the rock being visited.
